Create a prototype with familiar and unfamiliar navigation elements. Evaluate ease of use with different user groups using Proto.io

Screen 1: Sign In Page

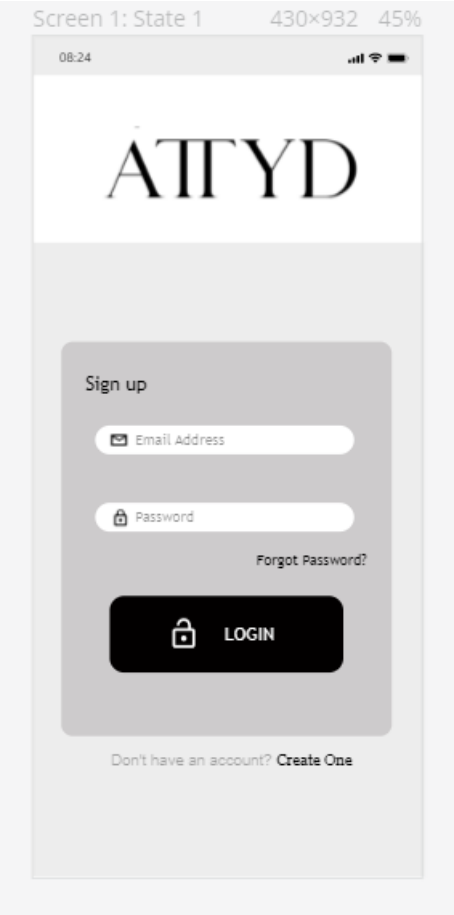
This is the login page of the ATTYD fashion shopping application.

Familiar Icons:

- Mail Icon – Email Field
- Commonly used to indicate email input.
- Users easily recognize this as the place to enter their email ID.
- Lock Icon – Password Field
- Universally recognized symbol for password/security.
- Indicates secure login credentials.
- Login Button
- A standard call-to-action (CTA) button.
- Users understand that clicking it will allow access to the app.

Unfamiliar Elements:

- “Create One” Text Link
- Instead of a clear “Sign Up” button, the phrase might not be immediately noticeable to all users.
- Some users may overlook it.
- Minimalist Branding (“ATTYD” Header)
- Large typography branding without navigation hints may confuse first-time users.



Screen 2: Home Page

This is the main shopping interface displaying trending products.

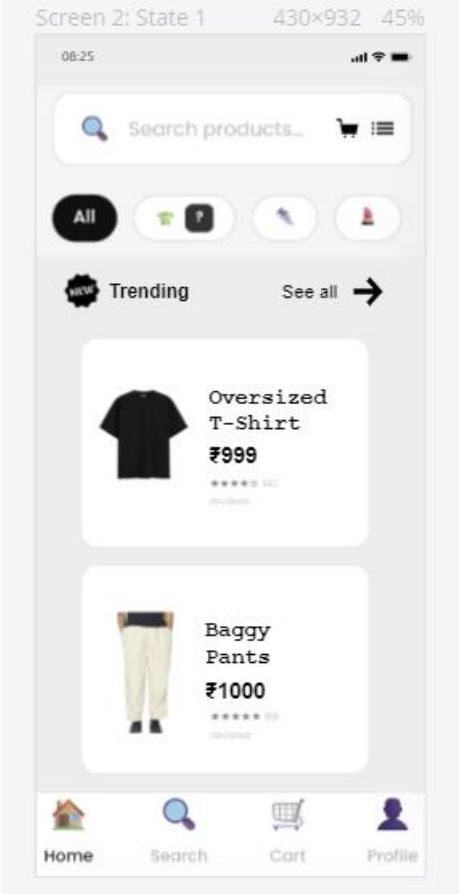
Familiar Icons:

- Search Icon – Top Bar
- Used to search products.
- Highly recognizable across all apps.
- Cart Icon – Top Right
- Universal e-commerce symbol.
- Indicates access to shopping cart.
- Category Filter Icons (All, T-shirt, Pants, etc.)
- Used for filtering product categories.
- Common in online shopping apps.
- Bottom Navigation Bar Icons:
- Home – Returns to main page.
- Search – Opens search.
- Cart – Opens cart page.
- Profile – Opens user account.
- These are highly familiar navigation elements.

Unfamiliar Icons:

- List/Grid Toggle Icon
- Some users may not immediately understand layout switching.
- Trending Arrow (→)

- May not clearly indicate “See All” functionality for first-time users.



Screen 3: Product Detail Page (Oversized T-Shirt)

This screen shows detailed information about a selected product.

Familiar Icons:

- Back Arrow (←) – Top Left
- Standard navigation icon.
- Returns user to previous page.
- Heart Icon (♡) – Top Right
- Represents wishlist/favorite.

- Common in shopping apps.
- Star Rating (★★★★★)
- Indicates product reviews.
- Easily recognizable.
- “Add to Cart” Button
- Clear CTA for purchase action.

Unfamiliar Elements:

- The Like button might not be understood by the users
- Users unfamiliar with concise descriptions may look for more detailed specs.

Screen 4: Cart 
Page

Displays selected products before checkout.

Familiar Icons:

- Back Arrow (←)

- Navigates back to shopping page.
- Plus (+) and Minus (−) Buttons
- Used to increase/decrease product quantity.
- Common in all shopping carts.
- Subtotal / Delivery / Total Section
- Standard breakdown of pricing.
- Payment Method Icons
- Credit/Debit Card
- UPI
- Cash on Delivery
- These are highly familiar to Indian users.
- “Pay” Button
- Final call-to-action to complete purchase.

Unfamiliar Elements:

- Radio Buttons for Payment Selection
- Some new users may not immediately understand selection indication.
- Static Delivery Fee Display
- Users may expect dynamic calculation.
