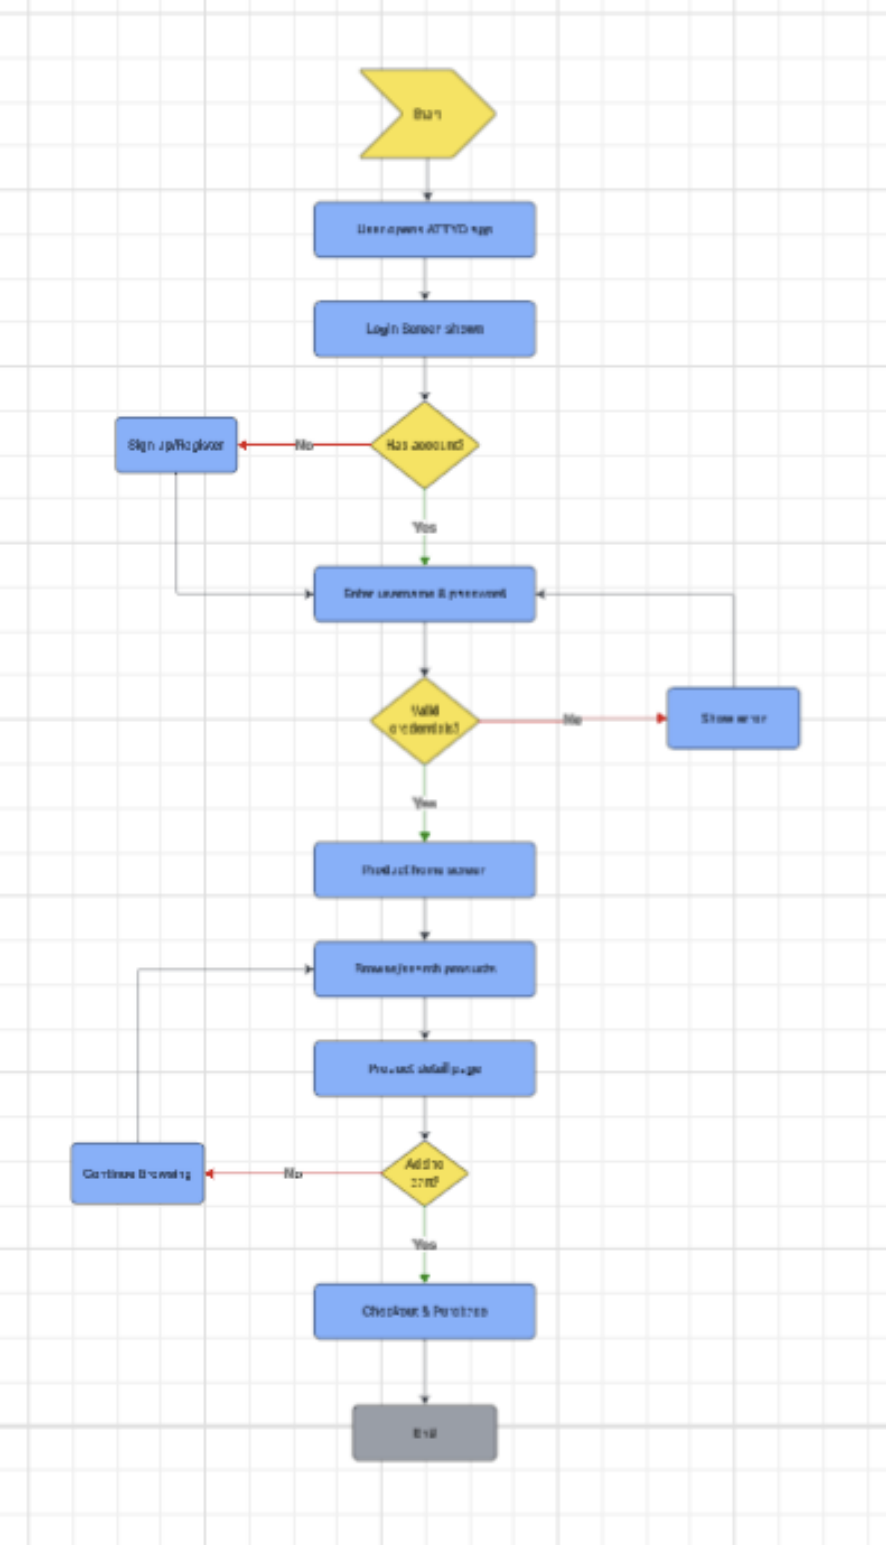
EXPERIMENT-5

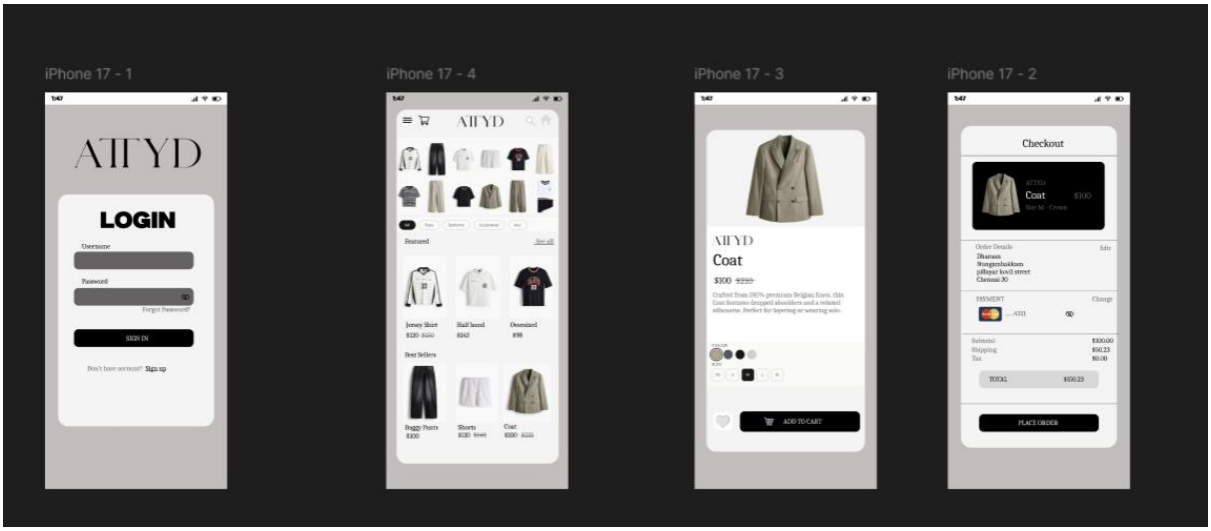
Name : M.N.Dharaan

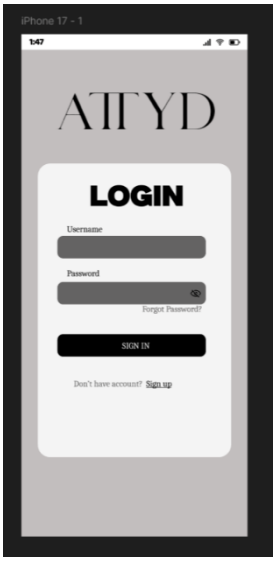
Roll no : 240701117

Flowchart in Lucidchart



Wireframe of the following flowchart





Frame 1 – Login / Welcome Page

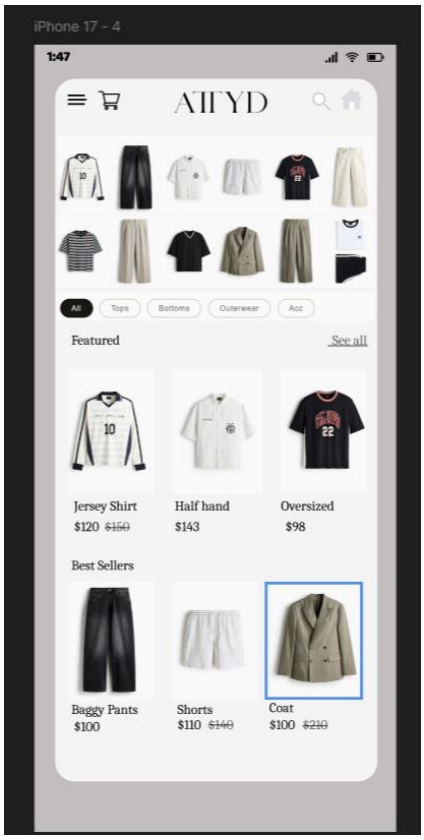
This screen is the starting page of the application. It allows users to log in using their registered account details.

Main Elements

- **Email Field** – Users can enter their email address.
- **Password Field** – Used to enter account password securely.
- **Login Button** – Allows users to access their account.
- **Sign Up Option** – New users can create an account if they do not have one.

Purpose

This page helps users enter the application safely and quickly.



Frame 2 – Home Page

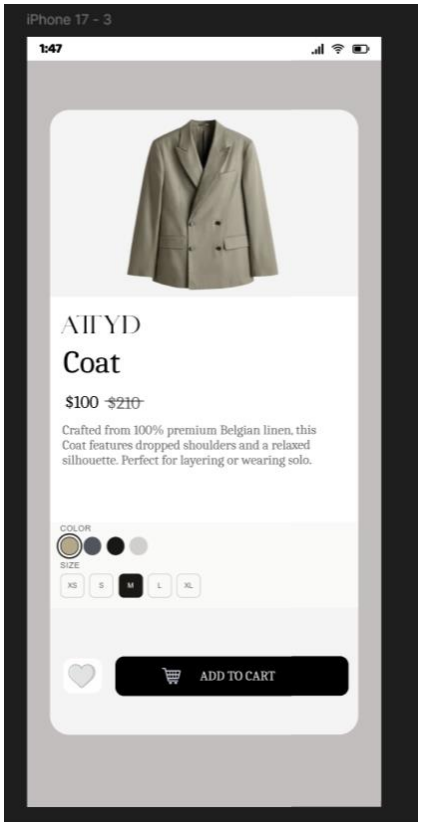
This screen is the main page where users can browse products and explore available categories.

Main Elements

- **Search Bar** – Helps users find products easily.
- **Category Section** – Displays different product categories.
- **Featured Products** – Shows trending or recommended items.
- **Navigation Menu** – Helps users move to other sections like cart or profile.

Purpose

This page allows users to explore products and begin shopping.



Frame 3 – Product Details Page

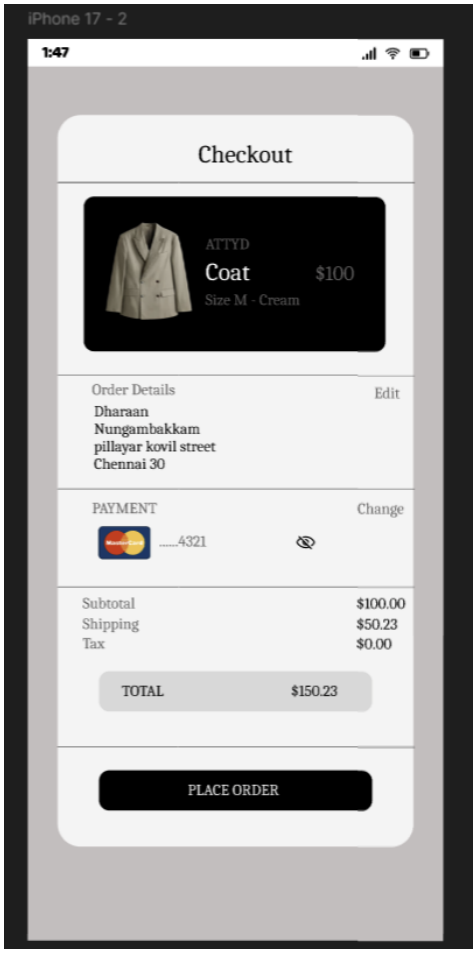
This screen provides complete information about a selected product.

Main Elements

- **Product Image** – Displays the selected item clearly.
- **Product Name** – Shows the product title.
- **Price** – Displays the cost of the product.
- **Description** – Gives details about size, material, or features.
- **Add to Cart Button** – Lets users add the item to their cart.

Purpose

This page helps users understand the product before purchasing.



Frame 4 – Cart / Checkout Page

This screen shows the items selected by the user and allows payment.

Main Elements

- **Selected Products List** – Displays products added to the cart.
- **Quantity Controls** – Users can increase or decrease quantity.
- **Total Amount** – Shows final payable amount.
- **Payment Options** – Users can choose their preferred payment method.
- **Checkout Button** – Used to place the order successfully.

Purpose

This page helps users review their order and complete the purchase.
